```php
<?php

  function createTable($conn, $tableName) {

    $sql = "CREATE TABLE $tableName (
      id INT(6) UNSIGNED AUTO_INCREMENT PRIMARY KEY,
      title TEXT,
      link TEXT,
      media TEXT,
      meta_description TEXT, /* description is a reserved word */
      content TEXT,
      pubDate TEXT /*, reg_date TIMESTAMP DEFAULT CURRENT_TIMESTAMP ON UPDATE
CURRENT_TIMESTAMP */
      ) CHARACTER SET utf8mb4 COLLATE utf8mb4_unicode_ci";

      if ($conn->query($sql) === TRUE) {
        echo "Table $tableName created successfully";
      }

      else {
        echo "Error creating table: " . $conn->error;
      }

  }

?>
```
